SUMMARY

A software developer with strong foundation in MS Technologies like .NET, C#, Razor pages MVC, Web Api, ADO.NET, Entity framework along with frontend technologies like JavaScript, TypeScript, Angular, Vue Js with an ERP System migration experience from VB.NET to web with modern .NET stack.

TECH SKILLS

Frameworks/Tools: NET (6/7/8->) (MVC), Web Api, React, Angular, JavaScript, TypeScript, C#
Data: MSSQL Server, ADO.NET, Entity Framework, Dapper
Testing: XUnit, Moq
Additional: React, Next JS, CMS: Sanity, Security: Auth0, MS Identity, Vue JS, JWT, Azure DevOps Fundamentals.

WORK EXPERIENCE

Sr. Manager, Garuda Power Pvt. Ltd (W.B)
Oct 2023 – March 2024

- Developed efficient business logic for sales modules within an ERP framework
- Designed reactive and responsive front end for multiple projects.
- Rewriting VB.NET desktop app to modular web application using C#, Typescript
- Implemented custom authentication systems to enhance security measures.
- Played a key role in database design and maintenance, ensuring optimal performance and data integrity.

SDE, Garuda Power Pvt. Ltd (W.B)
June 2020 – Oct 2023

- Built ERP client facing modules (.NET 6->7->8) Razor pages (MVC), Web Api.
- Reactive front-end development.
- Managing domains and certificates
- Handling 3rd party client requests

PROJECTCS

ERP Design and Migration(VB.NET -> .NET 8 + JavaScript/Typescript)
- Migration of logic and building web ERP (.NET MVC project) from scratch.
- Reactive/responsive front end with TypeScript (-> JS) with data-tables and accessibility options
- Custom DOM and Forms handling library to facilitate easy and unified form handling.
- Query and View optimization via regular benchmarking.
- Structured and asynchronous logging via Serilog

AlmondCove (a community webspace and a hub of resources, blogs and web apps) GITHUB | [LIVE]
V1: .Net 7.0 -> 8.0 | C# | MVC-MVVM | ADO.NET | TypeScript | JavaScript | Node | Vue | Bootstrap
V2 Api: .Net 7.0 -> Net 8.0, Web Api, Entity Framework Core, Auth: JWT Tokens & MS Identity
V3(ID): React-NextJS, Content: Contentlayer - MDX, Auth0 , Tailwind CSS (includes SSR ,SSG & ISR) ,CMS: sanity

Portfolios, portfolios / websites for vendors and artists
[laymaann.in] – React-NextJS, Tailwind CSS, Contentlayer - MDX | [jsm33t.in] – Angular, TS, Bootstrap [github]
[assambrew.in] - A tea company website with products and blogs (ID), [thecoffeeroom.in] community blogging website (ID)

Finance management system
Built Finance management system as well as reactive front end for the rotary club of Asansol
Web-Forms, .NET Framework 4.8, C#, jQuery

EDUCATION

B.Tech (Computer Science & Engineering), 2014-2018 ,GPA:7.4
